Gnostic Philosophy: From Ancient Persia to Modern Times By Tobias Churton

An extensive examination of the history of gnosticism and how its philosophy has influenced the Western esoteric tradition

- Explains how the Gnostic understanding of self-realization is embodied in the esoteric traditions of the Rosicrucians and Freemasons
- Explores how gnosticism continues to influence contemporary spirituality
- Shows gnosticism to be a philosophical key that helps spiritual seekers "remember" their higher selves

Gnosticism was a contemporary of early Christianity, and its demise can be traced to Christianity's efforts to silence its teachings. The Gnostic message, however, was not destroyed but simply went underground. Starting with the first emergence of Gnosticism, the author shows how its influence extended from the teachings of neo-Platonists and the magical traditions of the Middle Ages to the beliefs and ideas of the Sufis, Jacob Böhme, Carl Jung, Rudolf Steiner, and the Rosicrucians and Freemasons. In the language of spiritual freemasonry, *gnosis* is the rejected stone necessary for the completion of the Temple, a Temple of a new cosmic understanding that today's heirs to Gnosticism continue to strive to create.

The Gnostics believed that the universe embodies a ceaseless contest between opposing principles. Terrestrial life exhibits the struggle between good and evil, life and death, beauty and ugliness, and enlightenment and ignorance: *gnosis* and *agnosis*. The very nature of physical space and time are obstacles to humanity's ability to remember its divine origins and recover its original unity with God. Thus the preeminent gnostic secret is that we are God in potential and the purpose of bona fide gnostic teaching is to return us to our godlike nature.

Tobias Churton is a filmmaker and the founding editor of the magazine *Freemasonry Today*. He studied theology at Oxford University and created the award-winning documentary series and accompanying book *The Gnostics*, as well as several other films on Christian doctrine, mysticism, and magical

folklore. He lives in England.

Editorial Review

From Publishers Weekly

More than a quarter century after his award-winning documentary and book *The Gnostics*, Churton returns to the academic love of his life. Exhaustive (but not exhausting) in scope and copiously annotated, his work will spice up virtually any reading list of Gnosticism and early Christianity. Positioning religious and philosophical questions alongside those of science and history, Churton clarifies that while Gnostic philosophy "represents a thoroughgoing inquiry into truth values," it does not adhere to the "literary monolith that we have become accustomed to think of when we use the term *philosophy*." With great effort - and resulting effect - he succeeds in writing each one of his 14 chapters as a world unto itself. >From the Magi to the Freemasons, the Hermetics to Jimi Hendrix, Churton unfurls an evolving awareness of and quest for truth across the ages. If there is a criticism, it is only that the rich history of the Knights Templar and the ensuing incarnations of the Freemasons could have been balanced with equally detailed study of the Enlightened literati and modern scientists. Seasoned with excerpts from original texts and replete with multicultural narratives, Churton will pique the interest not only of professional academics but anyone interested in the Gnostics through the centuries. (*Mar.*)

Review

"Recommended for upper-level academic collections that specialize in early Christianity, religion, or philosophy." (*Brad Matthies, Butler Univ. Lib., Library Journal, Feb. 1, 2005*)

"Exhaustive (but not exhausting) in scope and copiously annotated, [Churton's] work will spice up virtually any reading list of Gnosticism and early Christianity. . . . will pique the interest not only of professional academics but anyone interested in the Gnostics through the centuries." (*Publishers Weekly, Jan. 24, 2005*)

"Churton separates the wheat from the chaff and disposes of unnecessary speculations and fantasy. To get a good handle on what Gnosticism is really all about (and isn't), a great place to start is with *Gnostic Philosophy* by Tobias Churton." (*Robert Burns, New Dawn, Nov-Dec 2005*)

"GET THIS BOOK. This is, quite simply, one of the best books I have read this year. Though I could, with plenty of justification, describe this work as erudite, witty, humorous, profound, engaging, or any of a number of depictions, none of these would convey the sense of validation I got with devouring its pages." (*Sven Davisson, Ashe! Journal of Experimental Sexuality, 2005*)

"We desperately need a solid historical overview of Gnosticism which is historically credible and yet not too academic to put it out of reach of the average reader and this book is it. To get a good handle on what Gnosticism really is (and isn't), a great place to start is with *Gnostic Philosophy* by Tobias Churton." (*Living Traditions, May 2007*)

From the Back Cover

GNOSTICISM / MYSTICISM

Gnosticism was a contemporary of early Christianity whose demise can be traced to Christianity's efforts to silence its teachings. The Gnostic message, however, was not destroyed but simply went underground. Starting with the first emergence of Gnosticism, the author shows how its influence extended from the

teachings of Neoplatonists and the magical traditions of the Middle Ages to the beliefs and ideas of the Sufis, Jacob B????, Carl Jung, Rudolf Steiner, and the Rosicrucians and Freemasons. In the language of spiritual Freemasonry, *gnosis* is the rejected stone necessary for the completion of the Temple, a temple of a new cosmic understanding that today's heirs to Gnosticism continue to strive to create.

The Gnostics believed that the universe embodies a ceaseless contest between opposing principles. Terrestrial life exhibits the struggle between good and evil, life and death, beauty and ugliness, and enlightenment and ignorance: *gnosis* and *agnosis*. The very nature of physical space and time is an obstacle to humanity's ability to remember its divine origins and recover its original unity with God. Thus the preeminent Gnostic secret is that we are God in potential, and the purpose of bona fide Gnostic teaching is to return us to our godlike nature.

TOBIAS CHURTON is a filmmaker and the founding editor of the magazine *Freemasonry Today*. He studied theology at Oxford University and created the award-winning documentary series and accompanying book *The Gnostics*, as well as several other films on Christian doctrine, mysticism, and magical folklore.
