### Editorial Review

From School Library Journal

Starred Review. Grade 5-8—Hitler's plans for the future of Germany relied significantly on its young people, and this excellent history shows how he attempted to carry out his mission with the establishment of the Hitler Youth, or *Hitlerjugend*, in 1926. With a focus on the years between 1933 and the end of the war in 1945, Bartoletti explains the roles that millions of boys and girls unwittingly played in the horrors of the Third Reich. The book is structured around 12 young individuals and their experiences, which clearly demonstrate how they were victims of leaders who took advantage of their innocence and enthusiasm for evil means. Their stories evolve from patriotic devotion to Hitler and zeal to join, to doubt, confusion, and disillusion. (An epilogue adds a powerful what-became-of-them relevance.) The large period photographs are a primary component and they include Nazi propaganda showing happy and healthy teens as well as the reality of concentration camps and young people with large guns. The final chapter superbly summarizes the weighty significance of this part of the 20th century and challenges young readers to prevent history from repeating itself. Bartoletti lets many of the subjects' words, emotions, and deeds speak for themselves, bringing them together clearly to tell this story unlike anyone else has.—*Andrew Medlar, Chicago Public Library, IL*

\*Starred Review\* Gr. 7-10. What was it like to be a teenager in Germany under Hitler? Bartoletti draws on oral histories, diaries, letters, and her own extensive interviews with Holocaust survivors, Hitler Youth, resisters, and bystanders to tell the history from the viewpoints of people who were there. Most of the accounts and photos bring close the experiences of those who followed Hitler and fought for the Nazis, revealing why they joined, how Hitler used them, what it was like. Henry Mentelmann, for example, talks about Kristallnacht, when Hitler Youth and Storm Troopers wrecked Jewish homes and stores, and remembers thinking that the victims deserved what they got. The stirring photos tell more of the story. One particularly moving picture shows young Germans undergoing de-Nazification by watching images of people in the camps. The handsome book design, with black-and-white historical photos on every double-page spread, will draw in readers and help spark deep discussion, which will extend beyond the Holocaust curriculum. The extensive back matter is a part of the gripping narrative. *Hazel Rochman*

Review

"Bartoletti (Kids on Strike!) offers a unique and riveting perspective on WWII by focusing on the young people who followed Hitler from 1933-1945....Bartoletti's portrait of individuals within the Hitler Youth who failed to realize that they served "a mass murderer" is convincing, and while it does not excuse the atrocities, it certainly will allow readers to comprehend the circumstances that led to the formation of Hitler's youngest zealots."

"With clarity and apt quotation (scrupulously sourced), Bartoletti takes readers from the prewar beginnings of Hitler Youth, through its significant role in gaining Hitler the government, to its ultimate position as a feeder for the German war machine....The power of the account is matched by the many period candid and propaganda photographs, well-married to the text by strong captions and placement and an unobtrusive but period-evocative Art Deco page design."

How could so many Germans go along with Hitler's inhumane public policies that led to the deaths of millions? This book, through the testimony of youth, successfully answers that question. The Hitler Youth program offered its often-irnpoverished members hope, excitement, and even power. The dangling carrot of camping trips, uniforms, and parades enraptures tens of thousands children. From the story of its first martyr to the executions of those who left its ranks in the war's waning years, the history of the organization, and on a wider scale the story of the Holocaust, is told against the backdrop of Germany's youth, used as campaigners, informants, laborers, and even soldiers. The program

infiltrated churches and schools and intimidated teachers and clerics to

conform to Nazi policies of anti-Semitism, book burning, and eradication of all things "non-German." As these policies became more outrageous, many tried to leave, but by then it had become dangerous to challenge the mob mentality

This profusely illustrated book relates the stories of youth who were - and still are -
