How To Kiss a Girl For The First Time By Jessica James

The Art of Kissing has been written and talked about for years. A kiss is not just a kiss; it may even be a relationship breaker. There are studies that show a woman is more likely to remember the details of her first kiss than her first sexual experience and that puts an awful lot of pressure on a guy to perform well. There's a lot of advice about kissing out there but most of it assumes you've already made it past the first kiss, and a lot of the advice is completely wrong - Grab a tit and hold your breath - will only get you a slap in the face or even a knee in the groin. Let's face it, going for that first kiss can be an ordeal. But fear no more! In 'How To Kiss A Girl For The First Time,' Jessica James gives you tips about kissing to keep you relaxed and confident while your lady will be left breathless. From pucker preparation to timing and 'teasing' to the kiss itself, Jessica will guide you to pleasurable success.

About the Author

Here's the thing. I'm married now, so first kisses are a thing of the past. But my teenage niece and her friends are a different story. So, too are a couple of friends who recently divorced and are now back on the dating scene. Listening to their stories reminds me of how much I disliked dating. Not the actual date, but wondering whether the guy was going to try and kiss me. Sometimes I wanted to be kissed. And sometimes, after that first kiss, I never wanted to see my date again. Yep! Some kisses were that bad. It occurred to me, though, that the whole first kiss thing is really tough on guys. I mean, they're expected to make the moves but does anyone ever teach them what to do? Is there a training manual they can refer to? I don't think so. That's why I decided to write 'How To Kiss a Girl For the First Time.' I hope it helps. Jessica James
