About the Author

LARGE SIZE, 8X11 REPRINT CAUSES STURR AMONG BELIEVERS IN THE INNER AND HOLLOW EARTH MYSTERIES. . . There are those who support Richard Shaver in his materialistic honeycomb of coversns the world over, heritage of a Titan-Atlan race which fled a poisoned world over 12,000 years ago. . . There are those who call his caverns the "astral," his dero the spirits of the dead. . . SOme say it is "another dimension," another realm of life alongside ours, invisible under ordinary circumstances. . . The "fans" fight among themselves, but in one way the join solidly together - the Shaver phenomena are REAL, no matter how opinion of their nature varies. Indeed, no one could have foretold, when it was first published in 1943, what a sensational reaction there would be, and to what it would lead. Nbody could have said it would disturb millions of people the world over and make a permanent mark in humankind's thinking. . . This is the first in a continuing series of 16 individual volumes that includes 3200 pages and almost two million worlds. Though Richard Shaver and Ray Palmer are deceased, their research into these esoteric subjects still has a lasting effect on believers. There are some who maintain to this day that Shaver predicng the coming of aliens, while Palmer created the "flying saucer" mystery by promoting it in such publications as Amazing Stories, Fate, Flying Saucers From Other Worlds, and Mystic magazines (all of which he edited at one time or another).
