## Editorial Review

Review

**Winner of the George Sarton Medal, History of Science Society**

**One of *Choice's* Outstanding Academic Titles for 1991**

"Is AIDS a new disease or not? Yes and no, says Mirko Grmek in his subtle, intelligent book. . . . [This] compact history is a refreshingly fair account by a first-class mind with no axes to grind."--**Erik Eckholm, *The New York Times Book Review***

"Grmek has succeeded in writing what may well be the best AIDS book to date."--**Laurie Garrett, *The Los Angeles Times Book Review***

"A masterpiece of historical analysis."--**Elizabeth M. Whelan, *Washington Times***

"An important and provocative book. . . . Anyone concerned with the origins of the epidemic and the history of HIV will want to come to terms with [Grmek's] analysis."--**Elizabeth Fee, *Science***

"Even those who have devoured the literature on AIDS will find this a deeply stimulating book."--***The New York Times Book Review***

From the Back Cover

By drawing on the latest discoveries in virology, microbiology, and immunology, Mirko Grmek depicts the AIDS epidemic not as an isolated incident but as part of the long, but far from peaceful, coexistence of humans and viruses.

## Users Review

**From reader reviews:**

**Jose Gould:**

Nowadays reading books become more than want or need but also work as a life style. This reading addiction give you lot of advantages. Advantages you got of course the knowledge even the information inside the book in which improve your knowledge and information. The details you get based on what kind of e-book you read, if you want get more knowledge just go with schooling books but if you want experience happy read one with theme for entertaining for example comic or novel. The particular History of AIDS is kind of e-book which is giving the reader erratic experience.

**Harold Hutchison:**

Reading can called thoughts hangout, why? Because if you find yourself reading a book particularly book entitled History of AIDS your head will drift away trough every dimension, wandering in every single aspect that maybe mysterious for but surely will end up your mind friends. Imaging every word written in a e-book then become one type conclusion and explanation this maybe you never get prior to. The History of AIDS giving you yet another experience more than blown away your thoughts but also giving you useful data for

your better life in this particular era. So now let us demonstrate the relaxing pattern is your body and mind are going to be pleased when you are finished examining it, like winning a sport. Do you want to try this extraordinary paying spare time activity?

**Sandra Vincent:**

Are you kind of hectic person, only have 10 or even 15 minute in your day time to upgrading your mind ability or thinking skill possibly analytical thinking? Then you are having problem with the book than can satisfy your short space of time to read it because all of this time you only find guide that need more time to be go through. History of AIDS can be your answer as it can be read by you actually who have those short free time problems.

**Juanita Geil:**

In this era globalization it is important to someone to acquire information. The information will make professionals understand the condition of the world. The fitness of the world makes the information easier to share. You can find a lot of recommendations to get information example: internet, paper, book, and soon. You can observe that now, a lot of publisher which print many kinds of book.
