### **Editorial Review**

Review

Study Guide available. -- *The publisher, John Wiley & Sons*

From the Publisher

This new edition covers the major elements of the human "half" of geography. Addresses the two binding themes of geography: the spatial viewpoint and the relationships between human societies and natural environments. Focuses on key geographic concepts while putting them in a practical and current perspective. At the beginning of each part a major issue is raised, one that readers will most likely be familiar with and already have opinions about. A geographical perspective is provided that may often change readers' views and opinions on the issues and problems.

### **Users Review**
