Medea and Other Plays (Penguin Classics) By Euripides

Four plays which exemplify his interest in flawed, characters who defy the expectations of Greek society

The four tragedies collected in this volume all focus on a central character, once powerful, brought down by betrayal, jealousy, guilt and hatred. The first playwright to depict suffering without reference to the gods, Euripides made his characters speak in human terms and face the consequences of their actions. In *Medea*, a woman rejected by her lover takes hideous revenge by murdering the children they both love, and *Hecabe* depicts the former queen of Troy, driven mad by the prospect of her daughter's sacrifice to Achilles. *Electra* portrays a young woman planning to avenge the brutal death of her father at the hands of her mother, while in *Heracles* the hero seeks vengeance against the evil king who has caused bloodshed in his family. Philip Vellacott's lucid translation is accompanied by an introduction, which discusses the literary background of Classical Athens and examines the distinction between instinctive and civilized behaviour.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Editorial Review

About the Author

Euripides was an Athenian born in 484BC. A member of a family of considerable rank, he disliked performing the public duties expected of him, preferring a life of introspection. He was not a popular figure, and at some point (and for a reason unknown) he went into voluntary exile at the court of Archelaus, King of Macedon. He died c.407BC and is thought to have written around ninety-two plays, of which seventeen survive.
