**Echoes of Betrayal: Paladin's Legacy (Legend of Paksenarrion Book 3)** By Elizabeth Moon

**“This is an excellent series, and *Echoes of Betrayal* is particularly well done. [Elizabeth Moon] is a consistently entertaining writer, and this book lives up to her standards.”—*San Jose Mercury News***

All is not well in the Eight Kingdoms. In Lyonya, King Kieri is about to celebrate marriage to his beloved, the half-elf Arian. But uncanny whispers from the spirits of his ancestors continue to warn of treachery and murder, and a finger of suspicion points in a shocking direction. Meanwhile, in Tsaia, the young king Mikeli grapples with unrest among his own nobility after granting the title and estates of a traitorous magelord to a Verrakaien—who not only possesses the forbidden magic but is a woman. The controversial decision and its consequences put the king’s claim to the throne in peril. But even greater danger looms. A dragon’s wild offspring are sowing death and destruction, upsetting the ancient balance of power. A collision seems inevitable. Yet when it comes, it will be utterly unexpected—and all the more devastating for it.

**“Fans of epic fantasy . . . should enjoy this series.”—*Library Journal***

**“Rousing action and intriguing plot twists.”—*Kirkus Reviews***

Includes a preview of the next book in the Paladin’s Legacy series, *Limits of Power*.

### Editorial Review

From [Booklist](#)

The third book in a series based in the author's popular Parksennarion world starts out with an unusual situation: Arvid Semminson is outside in the freezing cold, naked, listening to some people sharpening knives in preparation for his death. With this compelling start, the reader is fully engaged, with the first question needing an answer: What did he do to get into that situation? From there, the book jumps to other areas and characters of that world, with no apparent ties between them. For a reader not familiar with the world of the series, this is not the book to start with. Each chapter jumps from one parallel tale to another, with little continuity from one tale to the other, but the experienced reader is never less than eager to find out what transpires next. The battle scenes are full of action, and the characters are likable, but the jumpiness of the story means this book is for those who have read the Deeds of Parksennarion or at least the first two books in that series. --Rebecca Gerber

### PRAISE FOR ELIZABETH MOON

#### Kings of the North

"Moon's characters navigate an intricate maze of alliances and rivalries. . . . Close attention to military detail gives the action convincing intensity."—*The Star-Ledger*

"Her storytelling is as electrifying as ever, and her readers should be delighted with this new vista of a well-known world."—*Booklist*

#### Oath of Fealty

"A triumphant return to the fantasy world she created . . . No one writes fantasy quite like Moon."—*The Miami Herald*

"Ranks alongside Andre Norton's Witch World and Tolkien's Middle-earth for invention, deeds of valor, and battles of good against evil."—Jack Campbell

*From the Hardcover edition.*
