Editorial Review

From the Publisher

This text provides the most balanced coverage of basic topics, research and theory of any social psychology book. Written to appeal to a wide variety of today's students, the text draws examples from everyday life and current events and makes social psychology accessible to both psychology majors and those who desire a working knowledge of the field to aid in whatever profession they may enter. The new edition expands coverage of sociocultural perspectives, integrating new work on multicultural issues in our society and cross-cultural comparisons in every chapter. While coverage throughout the text has been expanded and updated, the text's trademark qualities--scholarship, scope, balanced perspective, and user- friendliness--have been retained and improved.

From the Back Cover

This book provides the most balanced coverage of basic topics, research and theory of any social psychology book. Written to appeal to a wide variety of readers, it draws examples from everyday life and current events and makes social psychology accessible to those who desire a working knowledge of the field to aid in whatever profession they may enter. The new edition expands coverage of sociocultural perspectives, integrating new work on multicultural issues in our society and cross-cultural comparisons in every chapter. While coverage throughout the book has been expanded and updated, it's trademark qualities—scholarship, scope, balanced perspective, and user- friendliness—have been retained and improved. Perceiving People and Events. Attitudes and Influence. Social Interaction and Relationships. Helping and Hurting Others. Social Psychology in Action. Ideal for professionals in the fields of Social Psychology, Psychology, and Counseling looking to keep current with recent research.

Users Review

From reader reviews:

Barbara Richardson:

Reading a reserve can be one of a lot of action that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people enjoyed. First reading a guide will give you a lot of new facts. When you read a publication you will get new information mainly because book is one of a number of ways to share the information or perhaps their idea. Second, reading a book will make an individual more imaginative. When you looking at a book especially fictional book the author will bring someone to imagine the story how the people do it anything. Third, it is possible to share your knowledge to other individuals. When you read this Social Psychology, you could tells your family, friends in addition to soon about yours guide. Your knowledge can inspire different ones, make them reading a e-book.

Bernard McLaren:

In this particular era which is the greater man or who has ability in doing something more are more special than other. Do you want to become certainly one of it? It is just simple approach to have that. What you should do is just spending your time not much but quite enough to have a look at some books. One of many books in the top listing in your reading list is Social Psychology. This book that is qualified as The Hungry

Mountains can get you closer in getting precious person. By looking upwards and review this e-book you can get many advantages.

Priscilla Jefferson:

A lot of publication has printed but it differs from the others. You can get it by internet on social media. You can choose the best book for you, science, comedy, novel, or whatever through searching from it. It is identified as of book Social Psychology. You can add your knowledge by it. Without leaving behind the printed book, it could possibly add your knowledge and make you happier to read. It is most crucial that, you must aware about book. It can bring you from one place to other place.

William Moreau:

A lot of people said that they feel uninterested when they reading a guide. They are directly felt this when they get a half areas of the book. You can choose the book Social Psychology to make your own reading is interesting. Your skill of reading ability is developing when you similar to reading. Try to choose very simple book to make you enjoy you just read it and mingle the impression about book and studying especially. It is to be 1st opinion for you to like to available a book and study it. Beside that the book Social Psychology can to be a newly purchased friend when you're experience alone and confuse with what must you're doing of this time.
