Essentials of NEPSY Assessment (Essentials of Psychological Assessment)

By Sally L. Kemp, Ursula Kirk, Marit Korkman

Quickly acquire the knowledge and skills you need to confidently administer, score, and interpret the NEPSY

The NEPSY is widely used by school psychologists, neuropsychologists, and research psychologists to assess children ages 3-12 with developmental disabilities and to develop effective intervention strategies. It provides comprehensive assessment over five functional domains: Attention/Executive Functions, Language, Sensorimotor Functions, Visuospatial Processing, and Memory and Learning. To use the test properly, professionals need an authoritative source of advice and guidance on how to administer, score, and interpret this test. Authored by the creators of the NEPSY, Essentials of NEPSY Assessment is that source.

Like all the volumes in the Essentials of Psychological Assessment series, this book is designed to help students and mental health professionals quickly acquire the knowledge and skills they need to make optimal use of a major psychological assessment instrument. Each concise chapter features numerous callout boxes highlighting key concepts, bulleted points, and extensive illustrative material, as well as test questions that help you gauge and reinforce your grasp of the information covered. The book also serves as a resource for advice on specific questions you may have during an assessment.

Essentials of NEPSY Assessment includes vital information about the NEPSY, including the advantage of being able to assess a child across functions and modalities. The authors provide step-by-step guidance on test administration, scoring, and interpretation, along with their expert assessment of the test's relative strengths and weaknesses, valuable advice on its clinical applications, and several illuminating case reports.

Users Review

From reader reviews:

Elida Allman:

Do you have favorite book? Should you have, what is your favorite's book? Guide is very important thing for us to know everything in the world. Each guide has different aim or goal; it means that reserve has different type. Some people truly feel enjoy to spend their time and energy to read a book. They are reading whatever they have because their hobby is usually reading a book. Consider the person who don't like examining a book? Sometime, man feel need book whenever they found difficult problem or maybe exercise. Well, probably you should have this Essentials of NEPSY Assessment (Essentials of Psychological Assessment).

Sharon Wilson:

Nowadays reading books become more than want or need but also get a life style. This reading habit give you lot of advantages. The huge benefits you got of course the knowledge the actual information inside the book in which improve your knowledge and information. The info you get based on what kind of book you read, if you want drive more knowledge just go with schooling books but if you want sense happy read one along with theme for entertaining for example comic or novel. Often the Essentials of NEPSY Assessment (Essentials of Psychological Assessment) is kind of book which is giving the reader unpredictable experience.

Blake Westerman:

This Essentials of NEPSY Assessment (Essentials of Psychological Assessment) is great book for you because the content that is full of information for you who always deal with world and possess to make decision every minute. This kind of book reveal it details accurately using great plan word or we can point out no rambling sentences included. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but tricky core information with attractive delivering sentences. Having Essentials of NEPSY Assessment (Essentials of Psychological Assessment) in your hand like obtaining the world in your arm, information in it is not ridiculous a single. We can say that no book that offer you world with ten or fifteen tiny right but this book already do that. So , this can be good reading book. Heya Mr. and Mrs. occupied do you still doubt that will?

Rachel Glidewell:

Reading a e-book make you to get more knowledge from that. You can take knowledge and information from the book. Book is prepared or printed or outlined from each source this filled update of news. On this modern era like at this point, many ways to get information are available for anyone. From media social similar to newspaper, magazines, science e-book, encyclopedia, reference book, book and comic. You can add your understanding by that book. Do you want to spend your spare time to spread out your book? Or just trying to find the Essentials of NEPSY Assessment (Essentials of Psychological Assessment) when you required it?
