Editorial Review

Review

"A 'must' for any traveler." (*Midwest Book Review*)

About the Author

"So this is where people from Tahiti go on vacation?" - this question was asked of Celeste several times during her voyage through the Maritimes. Lighthouses and lupine are a far cry from palm trees and hibiscus but that's just what she was hoping for. Celeste fell in love with the crisp air, became certain that Atlantic lobster is the best food on Earth and came unabashedly out of the closet as an Anne fan. Satiated, she returned to her island home, husband and two children to eat mangos instead of blueberries. She is still dreaming of lobsters.
