Editorial Review

From Publishers Weekly

In a display of what poses as wit in this Regency novel, the first of a trilogy, Douglas Sherbrooke, Earl of Northcliffe, tells his wife Alexandra that she is "as amusing as a boil on a backside." Unfortunately, he's right. Worse, bestselling romancer Coulter's (*Earth Song*) lame story is no more amusing. The tale begins when Douglas is dispatched to France on a secret mission for the British government just as he is to marry the beautiful Melissande Chambers. He sends his cousin Tony Parrish to act as his proxy during the ceremony, but the bride and substitute groom fall in love and elope. They return to carry on with the proxy wedding, making Melissande's younger sister Alexandra the bride. Douglas is predictably annoyed when he returns and arrogantly makes this very clear to his unwanted wife. He rebuffs Alexandra's attempts to earn his favor until she wises up and tries to run off; then he decides to keep her. To prevent things from getting too cozy Coulter resurrects the poorly developed spy subplot and has Alexandra kidnapped. Douglas and Tony take off in pursuit, evil is vanquished and everybody who is supposed to be happy ends up that way. Copyright 1992 Reed Business Information, Inc.

Review

"Coulter is excellent at portraying the romantic tension between her heroes and heroines, and she manages to write explicitly but beautifully about sex as well as love." --*Milwaukee Journal*, praise for the author
