**Phlebotomy Simplified (2nd Edition)** By Diana Garza EdD MLS (ASCP) CM,  
Kathleen Becan-McBride EdD MLS (ASCP) CM

Designed for beginning health care students and practitioners, *Phlebotomy Simplified, Second Edition* is an easy, step-by-step, practice-oriented approach to blood collection procedures for use in diverse settings, including hospitals, ambulatory clinics, home health care, and pediatric clinics. It brings together all the entry-level competencies healthcare workers need, including communication, clinical, technical, and safety skills. Building on the format of the popular First Edition, this edition is updated to reflect the latest Clinical and Laboratory Standards Institute (CLSI) and National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) guidelines. It adds new sections on patient safety and avoiding preventable errors, as well as expanded coverage of topics ranging from selecting veins to finding a job in the field. It also contains many new images, including new anatomical figures, and photos of the latest equipment and supplies.

## **Editorial Review**

### **Users Review**

#### **From reader reviews:**

##### **Carol Hughes:**

Nowadays reading books become more and more than want or need but also work as a life style. This reading practice give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The details you get based on what kind of publication you read, if you want have more knowledge just go with training books but if you want sense happy read one using theme for entertaining such as comic or novel. The actual Phlebotomy Simplified (2nd Edition) is kind of reserve which is giving the reader unpredictable experience.

##### **Tracy Gardiner:**

Information is provisions for people to get better life, information presently can get by anyone at everywhere. The information can be a information or any news even a huge concern. What people must be consider if those information which is inside the former life are challenging be find than now is taking seriously which one would work to believe or which one often the resource are convinced. If you have the unstable resource then you buy it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take Phlebotomy Simplified (2nd Edition) as your daily resource information.

##### **Christine Wormley:**

Reading a book to be new life style in this calendar year; every people loves to read a book. When you examine a book you can get a great deal of benefit. When you read publications, you can improve your knowledge, due to the fact book has a lot of information on it. The information that you will get depend on what sorts of book that you have read. If you want to get information about your review, you can read education books, but if you act like you want to entertain yourself you can read a fiction books, these kinds of us novel, comics, and also soon. The Phlebotomy Simplified (2nd Edition) provide you with new experience in reading through a book.

##### **Rickie Miller:**

You can spend your free time to learn this book this publication. This Phlebotomy Simplified (2nd Edition) is simple to bring you can read it in the park, in the beach, train along with soon. If you did not have got much space to bring often the printed book, you can buy the e-book. It is make you better to read it. You can save often the book in your smart phone. Thus there are a lot of benefits that you will get when one buys this

book.
