Editorial Review

Review

“Yahoo!'s editors have given the rules of the writing road a smart and timely reboot. It's Strunk and White for the online world.” ?*Arianna Huffington, cofounder and editor in chief, The Huffington Post*

“Excellent and eminently useful book with many compelling examples of rewrites. While rewriting content for usability will hugely increase a Web site's business value, the word list alone can save you the cost of the book by eliminating wasted time arguing over proper usage.” ?*Jakob Nielsen, Ph.D., principal, Nielsen Norman Group, and author of Eyetracking Web Usability*

“Yahoo! confounded the copy editors when it put unbridled excitement in its name. Back in 1996, for the first edition of *Wired Style*, we decided such idiosyncrasies were part of digital-age style. Today, with *The Yahoo! Style Guide*, the Web publisher has gone from renegade to rule maker. Its guide is a one-stop shop for those publishing on the Web.” ?*Constance Hale, author of Wired Style and Sin and Syntax and editor of sinandsyntax.com*

About the Author
