Basic Fundamentals of Modern Tattoo By C.R. Jordan

This book won't teach you how to tattoo like a professional.

This book won't teach you how to make a million dollars by opening your own tattoo studio in a week.

You should really be wary of any book that does promise that. This book **WILL get you started with the basic foundation for your apprenticeship**. Written for the apprentice by someone who completed a formal tattoo apprenticeship, documenting the lessons learned along the way. The best way to learn to tattoo is as an apprentice, but some things you should know going into the situation. Just because we stress an apprenticeship does not mean that this 240+ page manual is lacking by any means! Basic Fundamentals of Modern Tattoo covers everything from how to build a tattoo machine to what types of needle configurations are best for each task. The best part of the book is that you get access to '**Teach Me To Tattoo**' an interactive website designed specifically for the book. Where you can ask questions and get detailed information about each section of the book. As more information is added to the website the value increases.

Registered copies of the book will allow the reader to gain access to the TMTT Portal online for as long as the portal is in existence at no additional charge. If you are a tattoo apprentice then you should definitely have this piece of literature in your toolbox.

Learn about the components of tattoo machines, how to tune a tattoo machine, about different needle configurations, what pigments are best for the job, sterilization standards, and industry secrets / tips. Follow the goals and milestones laid out in a concise and easy to understand manner, with detailed graphics and illustrations (many computer generated for detail). Get recommendations on what gear is considered top quality, and tricks on how to use after-market parts on your machines to get the most bang for your buck.

Remember that the best tattoo artists will always tell you to complete an apprenticeship, the only secrets in the tattoo industry are the answers to the questions you have not yet asked. Tattoo Apprentice, Learn tattoo, tattoo tricks, tattoo tips, tattoo guide.

Editorial Review

Review

Far more informative than anything else out there. --Jeremy From Hawaii

I wanted to start tattooing and I didn't know where to begin. This book really helped me get my feet wet and build up the confidence to know the proper questions that I needed to ask my mentor and to figure out the complex stuff that other books / videos that I have seen didn't even address. --Rachael from New York

I have seen a lot of tattoo learning or apprentice style books, this one is very direct and to the point - gets it done in a text book style. Easy to read. I run a tattoo school on the East coast - and I require all the students who complete my 6 month intro course to read this. The only way you can really learn to tattoo is from an apprenticeship - we just try to prep them for a fast track into the apprenticeship so they can focus on their artwork and this book really helps us get them on track. Must have! --Jason (Studio / School owner 8 yrs)

From the Author

I wrote this book because I really believe in helping aspiring artists become professional tattooers. I think that information sharing is really important. We put training videos on the website for artists to supplement their apprenticeship. Each book has a serial number and allows free access to TeachMeToTattoo.com, I also personally get on the forums on the companion website and try to answer as many questions as possible from book owners. We try to keep the forums positive and supportive. We want you to succeed. Best of luck to you on YOUR tattoo journey.

From the Back Cover

Cheap tattoos are not good, and good tattoos are not cheap.

Users Review

From reader reviews:

Amy McCarter:

This Basic Fundamentals of Modern Tattoo tend to be reliable for you who want to certainly be a successful person, why. The key reason why of this Basic Fundamentals of Modern Tattoo can be on the list of great books you must have is actually giving you more than just simple reading through food but feed you actually with information that maybe will shock your earlier knowledge. This book will be handy, you can bring it just about everywhere and whenever your conditions in the e-book and printed types. Beside that this Basic Fundamentals of Modern Tattoo forcing you to have an enormous of experience such as rich vocabulary, giving you test of critical thinking that we realize it useful in your day exercise. So , let's have it appreciate reading.

James Robinson:

Reading a reserve tends to be new life style in this era globalization. With studying you can get a lot of information that will give you benefit in your life. Having book everyone in this world can certainly share their idea. Guides can also inspire a lot of people. Lots of author can inspire their very own reader with their

story or even their experience. Not only the storyline that share in the publications. But also they write about the data about something that you need case in point. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors in this world always try to improve their talent in writing, they also doing some study before they write for their book. One of them is this Basic Fundamentals of Modern Tattoo.

Stephanie Dillard:

Many people spending their time frame by playing outside using friends, fun activity having family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by reading through a book. Ugh, ya think reading a book can definitely hard because you have to bring the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Smart phone. Like Basic Fundamentals of Modern Tattoo which is keeping the e-book version. So , why not try out this book? Let's observe.

Paul Kennedy:

In this era which is the greater person or who has ability in doing something more are more treasured than other. Do you want to become certainly one of it? It is just simple method to have that. What you should do is just spending your time not very much but quite enough to have a look at some books. On the list of books in the top list in your reading list is definitely Basic Fundamentals of Modern Tattoo. This book that is certainly qualified as The Hungry Slopes can get you closer in becoming precious person. By looking upwards and review this reserve you can get many advantages.
