Tangled Routes: Women, Work, and Globalization on the Tomato Trail By Deborah Barndt

Now in a thoroughly revised and updated edition, *Tangled Routes* offers a vivid interdisciplinary examination of the global food system through the journey of a corporate tomato. Through case studies in the three N.A.F.T.A. countries—Mexico, the United States, and Canada—Deborah Barndt examines the dynamic relationships between production and consumption, work and technology, biodiversity and cultural diversity, and health and environment. The compelling stories of women workers along the tomato trail humanize her analysis of globalization, taking into account the intersections of gender, race, class, family status, and north-south relations.
