About the Author

Jae-Cheol Park, also known as Paperblue, has been a concept artist for more than a decade. He has been creating environment concept paintings for well-known, blockbuster games and movie projects including Lineage, Sun, The Day, Ion, and Blood and Soul, to name a few. He is a self-taught artist who learned digital painting by studying Miyazaki's animation. Aware of the difficulties in learning this craft, he was inspired to create a book to help anyone in need of improving their artistic skills. The Art of Paperblue shares Jae-Cheol Park's knowledge acquired from the last decade to educate the next generation of concept artists.
