## The Philosophy of Civilization (Collected Works of Albert Schweitzer Book 1) By Albert Schweitzer

In this book Albert Schweitzer (1875-1965), the great 20th century humanitarian, begins with an analysis of the true causes of World War I and the collapse of European civilization in the early twentieth century. He then presents his solution for how to build a sustainable and just civilization. In a wide-ranging discussion that draws from Schweitzer's philosophical and religious studies, he describes the path that led him to the ethical mysticism of Reverence for Life and how it can provide the foundation for true civilization. First published in 1923, Schweitzer's solution was rejected and largely forgotten by a world that followed a different path, although some few people around the world continue to hope for a renewal of interest.

#### **Leticia Bennet:**

As a student exactly feel bored for you to reading. If their teacher inquired them to go to the library or even

make summary for some book, they are complained. Just very little students that has reading's heart or real their hobby. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this The Philosophy of Civilization (Collected Works of Albert Schweitzer Book 1) can make you experience more interested to read.
