How to See Yourself As You Really Are By The Dalai Lama His Holiness, Jeffrey Hopkins Ph.D.

Like the two wings of a bird, love and insight work cooperatively to bring about enlightenment, says a fundamental Buddhist teaching. According to His Holiness the Dalai Lama, we each possess the ability to achieve happiness and a meaningful life, but the key to realizing that goal is self-knowledge. In *How to See Yourself As You Really Are*, the world's foremost Buddhist leader and recipient of the Nobel Peace Prize shows readers how to recognize and dispel misguided notions of self and embrace the world from a more realistic -- and loving -- perspective.

Step-by-step exercises help readers shatter their false assumptions and ideas and see the world as it actually exists. By directing our attention to the false veneer that so bedazzles our senses and our thoughts, His Holiness sets the stage for discovering the reality behind appearances. But getting past one's misconceptions is only a prelude to right action, and the book's final section describes how to harness the power of meditative concentration to the service of love, and vice versa, so that true altruistic enlightenment is attained.

Enlivened by personal anecdotes and intimate accounts of the Dalai Lama's own life experiences, *How to See Yourself As You Really Are* is an inspirational and empowering guide to achieving self-awareness that can be read and enjoyed by spiritual seekers of all faiths.

Editorial Review

About the Author

Tenzin Gyatso, the Fourteenth Dalai Lama, is the spiritual leader of the Tibetan people. He frequently describes himself as a simple Buddhist monk. Born in northeastern Tibet in 1935, he was as a toddler recognized as the incarnation of the Thirteenth Dalai Lama and brought to Tibet's capital, Lhasa. In 1950, Mao Zedong's Communist forces made their first incursions into eastern Tibet, shortly after which the young Dalai Lama assumed the political leadership of his country. He passed his scholastic examinations with honors at the Great Prayer Festival in Lhasa in 1959, the same year Chinese forces occupied the city, forcing His Holiness to escape to India. There he set up the Tibetan government-in-exile in Dharamsala, working to secure the welfare of the more than 100,000 Tibetan exiles and prevent the destruction of Tibetan culture. In his capacity as a spiritual and political leader, he has traveled to more than sixty-two countries on six continents and met with presidents, popes, and leading scientists to foster dialogue and create a better world. In recognition of his tireless work for the nonviolent liberation of Tibet, the Dalai Lama was awarded the Nobel Peace Prize in 1989. In 2012, he relinquished political authority in his exile government and turned it over to democratically elected representatives.

His Holiness frequently states that his life is guided by three major commitments: the promotion of basic human values or secular ethics in the interest of human happiness, the fostering of interreligious harmony, and securing the welfare of the Tibetan people, focusing on the survival of their identity, culture, and religion. As a superior scholar trained in the classical texts of the Nalanda tradition of Indian Buddhism, he is able to distill the central tenets of Buddhist philosophy in clear and inspiring language, his gift for pedagogy imbued with his infectious joy. Connecting scientists with Buddhist scholars, he helps unite contemplative and modern modes of investigation, bringing ancient tools and insights to bear on the acute problems facing the contemporary world. His efforts to foster dialogue among leaders of the world's faiths envision a future where people of different beliefs can share the planet in harmony. Wisdom Publications is proud to be the premier publisher of the Dalai Lama's more serious and in-depth works.

Jeffrey Hopkins, Ph.D., served for a decade as the interpreter for the Dalai Lama. A Buddhist scholar and the author of more than thirty-five books and translations, he is emeritus professor of Tibetan and Buddhist studies at the University of Virginia, where he founded the largest academic program of Tibetan Buddhist studies in the West.

Foreword

This book by His Holiness the Dalai Lama stems from a basic Buddhist notion that love and insight work cooperatively to bring about enlightenment, like the two wings of a bird. The overarching theme is that self-knowledge is the key to personal development and positive relationships. The Dalai Lama shows us how, in the absence of true self-knowledge, we hurt ourselves through misguided, exaggerated notions of self, others, external events, and physical things. Even our senses deceive us, drawing us into attachment and negative

actions that can only come back to haunt us in the future. The book details how to overcome these mistakes in order to live from a realistic knowledge of our healthy interdependence.

The first part of this book shows how to draw back the deceptive aspect of our experience like a curtain; other approaches, such as suppressing lust and hatred, may be helpful, but they do not address this root problem. By directing our attention to the false veneer that so bedazzles our senses and our thoughts, His Holiness sets the stage for discovering the reality behind appearances. Our tacit acceptance of things as they seem is called ignorance, which is not just a lack of knowledge about how people and things actually exist but an active mistaking of their fundamental nature. True self-knowledge involves exposing and facing misconceptions about ourselves. The aim here is to find out how we get ourselves into trouble, then learn how to intervene on the ground floor of our counterproductive ideas.

Buddhist psychology is known for its detailed descriptions of the mind's workings, and His Holiness uses these insights in a practical way by helping readers catch hold of these processes through their own experience. His central theme is that our skewed perceptions of body and mind lead to disastrous mistakes, ranging from lust at the one extreme to raging hatred at the other, so that we are consistently being led into trouble as if pulled by a ring in our nose. By developing insight into this process, we can free ourselves, and those around us, from these endless scenarios of pain.

This part provides step-by-step exercises to develop our ability to recognize the disparity between how we appear to ourselves and how we actually are. Once we have recognized our warped assumptions for what they are, the second part of the book shows how to undermine them. The tools used to accomplish this transformation are renowned Buddhist reflections for questioning appearances, which the Dalai Lama illustrates with his own experiences. His Holiness guides readers through a variety of practical exercises to help us break down the illusions we have superimposed over and beyond what actually exists, and learn how to act in the world from a more realistic framework. This calls for valuing the interdependence of all things and appreciating the latticework of our relationships for the meaningful contribution it makes to our lives.

The book's third part describes how to harness the power of meditative concentration with insight to achieve immersion in our own ultimate nature, which undermines our problems at their very foundation. The fourth and fifth parts discuss how people and things actually do exist, since they do not exist in the way we assume. The Dalai Lama draws readers into noticing how everything depends on thought -- how thought itself organizes what we perceive. His goal is to develop in us a clear sense of what it means to exist without misconception. Then the final part of the book explains the way this profound state of being enhances love by revealing how unnecessary destructive emotions and suffering actually are. In this way self-knowledge is seen as the key to personal development and positive relationships. Once we know how to put insight in the service of love and love in the service of insight, we come to the book's appendix, an overview of the steps for achieving altruistic enlightenment.

This book itself is an illustration of Tibet's contribution to world culture, reminding us of the importance of maintaining a homeland for its preservation. The light shining through the Dalai Lama's teachings has its source in that culture, offering insights and practices that so many of us need in ours.

Jeffrey Hopkins, Ph.D.

Emeritus Professor of Tibetan Studies

University of Virginia

From [AudioFile](#)

World conflicts and cultural disintegration cry out for the Buddhist principles in this important audio, which

teaches that responsibility for these problems begins with an authentic, selfless view of the world and ourselves. This latest message from The Dalai Lama reveals his trademark inclusiveness, his thoughtful approach to our diverse worries, and his keen perceptions of when conflict, disharmony, immorality, and commercialism need to be worked through. The ability to influence these issues can only be found by giving up our ignorance and our false sense of individuality. Jeffrey Hopkins's slow and tired narration creates an obstacle to appreciating the lesson. The fact that he's the translator and a preeminent Dalai Lama scholar doesn't compensate for this flaw in his performance. Users Review

From reader reviews:

Helen Wright:

What do you regard book? It is not important to you? Or just adding material when you require something to explain what the ones you have problem? How about your time? Or are you busy particular person? If you don't have spare time to perform others business, it is make one feel bored faster. And you have spare time? What did you do? Everybody has many questions above. The doctor has to answer that question simply because just their can do that. It said that about book. Book is familiar in each person. Yes, it is appropriate. Because start from on kindergarten until university need that How to See Yourself As You Really Are to read.

Annette Carroll:

This How to See Yourself As You Really Are book is just not ordinary book, you have it then the world is in your hands. The benefit you have by reading this book is actually information inside this publication incredible fresh, you will get details which is getting deeper an individual read a lot of information you will get. That How to See Yourself As You Really Are without we understand teach the one who looking at it become critical in thinking and analyzing. Don't end up being worry How to See Yourself As You Really Are can bring once you are and not make your case space or bookshelves' turn out to be full because you can have it in your lovely laptop even cellphone. This How to See Yourself As You Really Are having great arrangement in word and layout, so you will not truly feel uninterested in reading.

Jarred Chisolm:

Precisely why? Because this How to See Yourself As You Really Are is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will jolt you with the secret the item inside. Reading this book adjacent to it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining way but still convey the meaning totally. So , it is good for you for not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of rewards than the other book include such as help improving your talent and your critical thinking way. So , still want to hold off having that book? If I were you I will go to the book store hurriedly.

Catherine Hudson:

A lot of people said that they feel bored when they reading a guide. They are directly felt the item when they get a half regions of the book. You can choose typically the book How to See Yourself As You Really Are to make your own personal reading is interesting. Your skill of reading expertise is developing when you such as reading. Try to choose basic book to make you enjoy you just read it and mingle the sensation about book and reading through especially. It is to be very first opinion for you to like to start a book and examine it. Beside that the reserve How to See Yourself As You Really Are can to be your brand-new friend when you're experience alone and confuse with what must you're doing of this time.
