The Euro at Ten: Europeanization, Power, and Convergence From OUP Oxford

With Economic and Monetary Union (EMU) the European Union is embarked on a major historic political project of formidable technical complexity. In January 2009 the Euro Area will be ten years old. What does the evidence from the first decade tell us about the significance of the euro for the EU and its member states? This book brings together a range of recognized academic specialists to examine the main political aspects of this question. How, and in what ways, has the euro Europeanized states (members and non-members), their institutions, policies and politics? What have been its effects on the location and use of power? Has the euro generated convergence or divergence? What political patterns can be identified? The book offers the first, in-depth and systematic political analysis of the first decade of the euro. It places the euro in its global and European contexts; offers a set of case studies of its effects on a representative sample of EU member states ('Anglo-Saxon', old 'D-Mark Zone', east central European and Baltic, Mediterranean, and Nordic); and looks at three key sectors (financial markets, wages and collective bargaining, and welfare reform). The book contributes to Europeanization studies, comparative political economy, and studies of Economic and Monetary Union (EMU). It will be of major interest to students of the European Union and European integration, comparative European politics, and area and 'country' studies.

Editorial Review

Review

"...logical and efficient... [The authors] identify interesting patterns of the effect of the euro on EU member states."--*Harvard International Review*

About the Author

Kenneth Dyson is Research Professor in European Politics in the School of European Studies, Cardiff University, Wales. He is a Fellow of the British Academy; an Academician of the Learned Societies of the Social Sciences; and a Fellow of the Royal Historical Society. He was awarded the German Federal Service Cross (first class) and is co-editor of the journal *German Politics*. He chaired the European Studies Panel in the UK Research Assessment Exercises (RAE) in 1996 and 2001 and was a former chair of the Standing Conference of Heads of European Studies (SCHES) and of the Association for the Study of German Politics.

Users Review

From reader reviews:

Eric Hough:
