Think Like a Billionaire, Become a Billionaire By Scot Anderson

Billionaires Think Differently About:

Money we look for ways to spend money. Billionaires look for ways to invest money.

Investing we invest just a little. Billionaires realize investing is the key to abundance.

Jobs we think a better job will make us wealthy. Billionaires know that a job will never make them wealthy; investments will.

Risks we stay away from risks because we might fail. Billionaires know if they don't take risks, they've already failed.

Problems we try to avoid problems. Billionaires see problems as opportunities to make millions.

Preparation we prepare today for today. Billionaires prepare today for the opportunities of tomorrow.

Time we waste time. Billionaires see time as their most valuable asset.

Billionaires think differently, and their lives produce differently. Follow me on the journey i took in changing my thinking. I went from just getting by to having millions of dollars, and i'm on my way to billions. As you begin to think like a billionaire, your life has no choice but to produce it.

Editorial Review

About the Author

After interviewing numerous multi millionaires, reading more than twenty books on becoming a millionaire and listening to nearly 400 hours of CD's on obtaining wealth, Scot came to a conclusion, Billionaires think differently than the rest of us. In just one year, Scot changed his thinking, and this took him from having a net worth of maybe \$250,000 on a good day, to a net worth of over \$3,000,000 in just one year. That's a net worth more than twelve times where he started, with an additional \$15,000,000 in current projects. If he continue on that pace, he should be a billionaire in the next ten years. Take this journey with him, change the thinking in you, begin to think like a billionaire, and your life will have no choice but to produce it.
