**Lingua Latina per se Illustrata, Pars I: Familia Romana** By Hans H. Ørberg

Hans Oerberg's *Lingua Latina per se Illustrata* is the world's premiere series for learning Latin via the Natural Method. Students first learn grammar and vocabulary intuitively through extended contextual reading and an innovative system of marginal notes. It is the only textbook currently available that gives students the opportunity to learn Latin without resorting to translation, but allows them to think in the language. It is also the most popular text for teachers, at both the secondary and collegiate levels, who wish to incorporate conversational skills into their classroom practice.

*Familia Romana* (Pars I of the *Lingua Latina* series) contains thirty-five chapters and describes the life of a Roman family in the 2nd century A.D., and culminate in readings from classical poets and Donatus's *Ars Grammatica*, the standard Latin school text for a millennium. Each chapter is divided into two or three lectiones (lessons) of a couple pages each followed by a grammar section, *Grammatica Latina*, and three exercises or *Pensa*. Hans Oerberg's impeccable Latinity, humorous stories, and the Peer Lauritzen illustrations make this work a classic. The book includes a table of inflections, a Roman calendar, and a word index, *index vocabulorum*.

The *Lingua Latina* series incorporates the following features:

- The most comprehensive treatment of Latin grammar available in an elementary textbook.
- A vocabulary of almost 1,800 words, reinforced by constant and creatively phrased repetition, vastly expands the potential for later sight reading.
- A complete line of ancillary volumes, exercises, and readers both in print and online.

### Editorial Review

#### Review

Sporting full-color illustrations, this edition of *Familia Romana* adds vividness to Hans Orberg's already premiere textbook for learning Latin through the natural method. As part of the *Lingua Latina: per se illustrata* series, *Familia Romana* presents grammar and vocabulary through context, illustrations, and a well-developed system of notes. By not having to constantly translate, students come to understand the Latin through itself and are prepared for thinking in the language. Although the text is accessible to students as young as 9, the text is advanced enough for college-aged learners, and beyond. Since it is written entirely in Latin, Orberg's series can communicate to students regardless of their native tongue. Thus, no list of vocabulary and translations is provided in this volume. FOCUS Publishing does, however, provide free vocabulary lists with translations at <http://focusbookstore.com/LLdownloads.aspx>.

In my own experience as a Latin student, it was not until I used the *Lingua Latina* series that I really came to understand Latin grammar. Even though it also strengthened my ability to both write and speak in Latin, it was my ability to understand texts and to sight read that was most improved. I enjoyed the edition without illustrations and found it most useful, but this edition proved an upgrade. The more vivid illustrations gave me stronger mental images for the vocabulary I was learning. I recommend this version of *Familia Romana* most warmly.
