Editorial Review

From Publishers Weekly

Humor and illustrations add spice to over 600 definitions and origins of common idiomatic phrases. Not to let the cat out of the bag, but this one's it's a barrel of monkeys. Ages 8-up.

Copyright 1998 Reed Business Information, Inc.

From [Booklist](#)

Gr. 4[^]-7. Terban explains the meanings and origins (if known) of more than 600 idioms and proverbs in this intriguing book. Although no sources are provided, Terban has obviously done a great deal of research. In some cases, such as "open a can of worms," he discusses the meaning of an idiom without really explaining its origin and bizarre originality. In others, like "face the music," he provides more than one possible explanation. Each page includes one lightly comical line drawing of a child expressing feelings such as quizzical, annoyed, amused, or distressed. Not only is this a good resource for teachers who discuss idioms in the classroom but it also has some appeal for browsers, though readers who come looking for the logic behind the English language may leave thinking it "curiouser and curiouser." *Carolyn Phelan*

Users Review

From reader reviews:

Marcus Leiva:

Book is actually written, printed, or highlighted for everything. You can learn everything you want by a book. Book has a different type. As you may know that book is important thing to bring us around the world. Adjacent to that you can your reading expertise was fluently.
