The Principles of Uncertainty By Maira Kalman

Maira Kalman paints her highly personal worldview in this inimitable combination of image and text

An irresistible invitation to experience life through a beloved artist's psyche, *The Principles of Uncertainty* is a compilation of Maira Kalman's *New York Times* columns. Part personal narrative, part documentary, part travelogue, part chapbook, and all Kalman, these brilliant, whimsical paintings, ideas, and images - which initially appear random - ultimately form an intricately interconnected worldview, an idiosyncratic inner monologue.

Editorial Review

Amazon.com Review

Amazon Best of the Month, October 2007: In 2005 Maira Kalman brought a fresh vision to Strunk and White's *The Elements of Style*, filling the pages of the reference classic with her whimsical illustrations. And much like its multi-talented creator—who has illustrated children's books and *New Yorker* covers and collaborated on fashion projects with Kate Spade and Isaac Mizrahi—her new book, *The Principles of Uncertainty*, defies easy classification. Is it philosophy? Art? Memoir? Travel? Sociology? The answer is All of the Above (and more). This charming collection of text, paintings, and photography presents a "profusely illustrated" year in a life, with illustrated musings that range from a young Nabokov "sitting innocently and elegantly in a red chair" to two stuffed rabbits in the window at Paris's Deyrolles taxidermy to Kitty Carlisle Hart at home in her "pearly pink palace." Delightful, inspiring, and often very moving, this little charmer is a book you might find nestled on Wes Anderson's coffee table. --*Brad Thomas Parsons*

From [Bookmarks Magazine](#)

Reviewers were not faint in their praise of *The Principles of Uncertainty*, even if they spent most of their energy attempting to describe it. And no wonder: the list of items that Maira Kalman describes in the book could almost fill a book itself, even without her illustrations. Readers who are unfamiliar with Kalman's work but respond to even a few items on that list should probably take a look at *Principles*. Those who know her children's books or illustrations will be excited to see her take on a broader range of topics, including "the images and confusion of the dreamworld [that] linger in our waking hours" and create deep emotion and consciousness from her art (*New York Times Book Review*). But as with any book, the most important question will be whether the images "here, mostly visual" affect the reader's own perceptions of the world.

Review

"Sublime... Kalman's elegantly witty and at times melancholy narrative runs arm in arm with her unmistakable paintings on a serendipitous romp through the history of the world."—*Vanity Fair*

"Wildly original...there's nothing else even remotely like it... This hilarious, wise, and deeply moving volume [is] the ultimate picture book for grown-ups."—*O Magazine*

"An odd treasure."—*Ariel Levy, The New York Times Book Review*

"Within this work, as much literary as artistic, one finds the assurance (the certainty!) that the human condition is inescapable but not insurmountable."—*The New York Observer*

"In her distinctive, muscularly whimsical paintings with sad-funny handwritten annotations, Kalman encounters, well, everything...More personal than much of her previous work, the book is simultaneously idiosyncratic and universal. And utterly lovable." —*Culture + Travel*

"This is a unique, warmly intelligent book for the enjoyment of artists, writers and anyone who delights in works of genuine imagination."—*L.K. Hanson, Minnesota Star Tribune*

"My absolute favorite book of recent memory: an exquisite and delightful and peculiarly illustrated memoir about...well, the search for the meaning of life. I will be giving this book to everyone I know." —*Elizabeth*

Gilbert, author of *Eat, Pray, Love*

Users Review

From reader reviews:

Marie Williams:

Reading a guide tends to be new life style within this era globalization. With looking at you can get a lot of information that could give you benefit in your life. Using book everyone in this world can certainly share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or perhaps their experience. Not only the storyline that share in the books. But also they write about the ability about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors these days always try to improve their talent in writing, they also doing some investigation before they write with their book. One of them is this *The Principles of Uncertainty*.

Kathryn Robinson:

A lot of people always spent their particular free time to vacation or perhaps go to the outside with them family members or their friend. Are you aware? Many a lot of people spent that they free time just watching TV, or playing video games all day long. If you want to try to find a new activity honestly, that is look different you can read a book. It is really fun in your case. If you enjoy the book you read you can spent all day long to reading a e-book. The book *The Principles of Uncertainty* it is extremely good to read. There are a lot of individuals who recommended this book. These folks were enjoying reading this book. If you did not have enough space to bring this book you can buy the actual e-book. You can m0ore easily to read this book from your smart phone. The price is not too expensive but this book features high quality.

Rhonda Kirby:

Many people spending their time by playing outside using friends, fun activity along with family or just watching TV all day long. You can have new activity to enjoy your whole day by reading through a book. Ugh, do you think reading a book can actually hard because you have to take the book everywhere? It fine you can have the e-book, having everywhere you want in your Smartphone. Like *The Principles of Uncertainty* which is keeping the e-book version. So , try out this book? Let's view.

Florence Ross:

This *The Principles of Uncertainty* is brand new way for you who has attention to look for some information as it relief your hunger of information. Getting deeper you onto it getting knowledge more you know or else you who still having small amount of digest in reading this *The Principles of Uncertainty* can be the light food for yourself because the information inside this kind of book is easy to get by means of anyone. These books build itself in the form that is reachable by anyone, yeah I mean in the e-book form. People who think that in guide form make them feel tired even dizzy this publication is the answer. So there isn't any in reading a reserve especially this one. You can find what you are looking for. It should be here for anyone. So

, don't miss it! Just read this e-book sort for your better life and knowledge.
