Editorial Review

Review

"This book focuses on security issues in mobile NFC devices. … This well-written book is an enhanced version of the author's PhD thesis. … this book will be useful for offering an introduction to the security issues related to NFC. The style of writing is good … . I recommend this book for security experts, researchers, practitioners, and anyone curious about NFC security." (S. V. Nagaraj, Computing Reviews, November, 2015)
